

RAGNARS

LEAN+

CREATOR
STUDIO STOCKHOLM / MARCO CHECCHI,
MARTIN ECKERBERG OLLAS, ANDERS JOHNSON

The Lean+ has a beautiful curvature that creates a unique expression. The stool is perfect for dynamic meetings or work thanks to it's design for active seating comfort. The legs, in massive wood, has a slightly pleated frofile to create a nice effect when the light is refracted.

FORM

- Seat with a beautiful curvature that creates a dynamic expression.
- Resilient tapered legs where the outside has a slightly pleated profile to create a nice effect when the light is refracted.
- A slim and lean design

FUNCTION

- Active seating comfort is encouraging good postures.
- You can have it in Standard or Bespoke specifications.
- Comfort with a seat in molded cold foam.

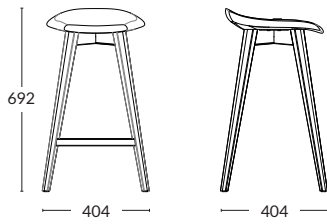

SUSTAINABILITY

- Legs in solid wood treated with hard wax oil.
- Locally produced "Made in Småland"
- An expression that will always be appealing.
