L.STATION

CREATOR TENGBOM DESIGN

Modern workplaces has to adapt to new demands on functions, ergonomics, safety and well-being. A more personal feeling that is similar to the home environment is often desired. At the same time, you want to express a personal touch that reveals your unique identity.

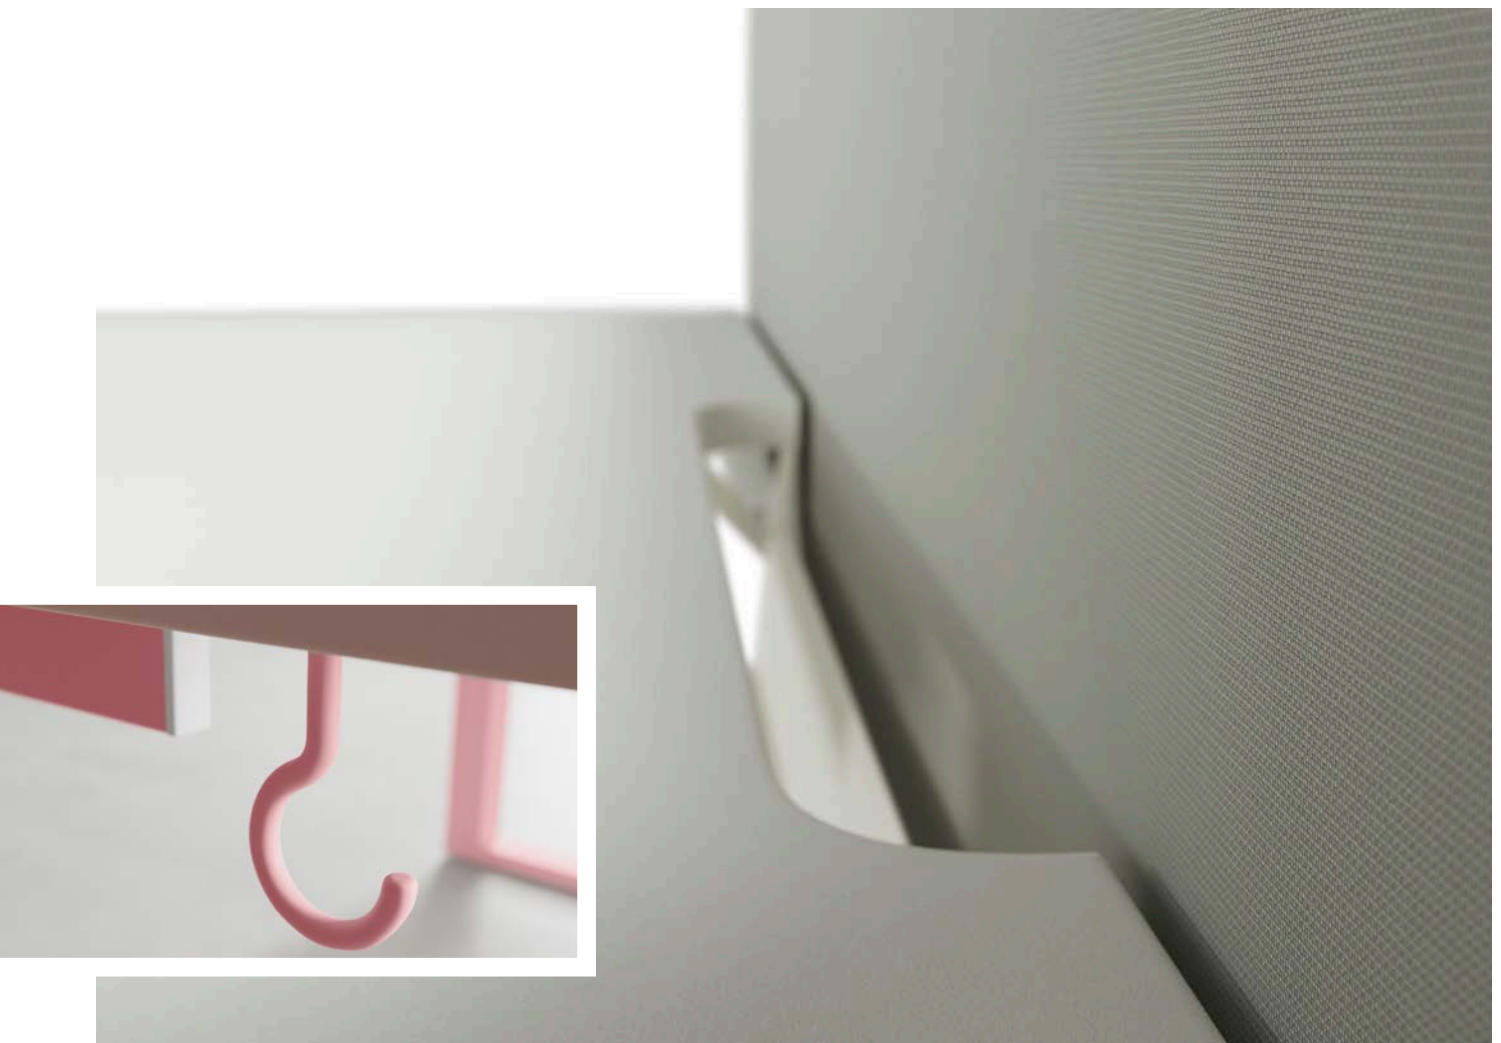

FORM

- Aesthetics inspired from previous decades design expressions.
- The L-shape of the leg frame forms a whole as two tables stand back to back.
- L-shaped table screen in one-piece, no joints.
- The characteristic rounding of the table screens balances privacy and openness.
- The character of the table changes depending on the color and choice of materials.

FUNCTION

- Electrically height-adjustable (620-1270 mm) with long stroke to fit both tall and short.
- The table screens provide both privacy and sound absorption while the rounded shape opens up to nearby environments.
- Adjustable elbow support that provides ergonomic relief for both sitting and standing work.
- A sturdy hook, for hanging a bag or jacket, which frees up space.
- Table screens are available as a straight front panel or in L-shape.
- Customization of dimensions and materials is, as always, possible. Colors and tactile surfaces on the base, table top and table screen can be varied and combined to enhance the current environment.

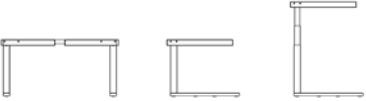

SUSTAINABILITY

- Selected materials in high quality guarantees longer life cycle.
- Ergonomics that contributes to healthy and happy employees.
- Möbelfakta Certificate.
- PVC Free electronics.
- Max 0.1W, when the table is not in use. (Feel free to compare it with all alternatives)
- Control Unit with "Blue Tooth"
