

# FRAMES

Creator: STUDIO&FRIENDS / SOFIA DAHLÉN + JOHAN RAGNAR

RAGNARS

Frames is Ragnars brand new storage series, a modular storage and room dividing system that fills the ever changing demands of the contemporary workspace.

Shelves, cupboards, and personal lockers are complemented with plant boxes, to include more plants for a natural and healthy work environment.

## FLEXIBILITY

Frames offers endless combinations as the system can be open or closed, high or low, wide or narrow or even a combination of it all. It's a very flexible system, to say the least. Frames can be customized to meet different kind of needs. Above all it can be adapted to changing needs since all parts of the system are replaceable.

## BIOPHILIC DESIGN

The design is characterized by its simplicity and its framework made out of FSC-certified solid wood, that brings warmth to any space.

It's possible to achieve different expressions depending on what colour and wood you combine.

## BOOKABLE LOCKERS

Frames is the perfect storage solution for both small and large offices. The different compartments can be made lockable for personal storage or open for shared storage.

Lock systems can vary from access cards, biometric scanning or through an app.

# WHY FRAMES?

- Bookable through app.
- Encouraging biophilic design.
- Can be adapted to changing needs.
- Life expectancy > 50 years. All parts are replaceable.
- Transparent room divider in open office landscapes.

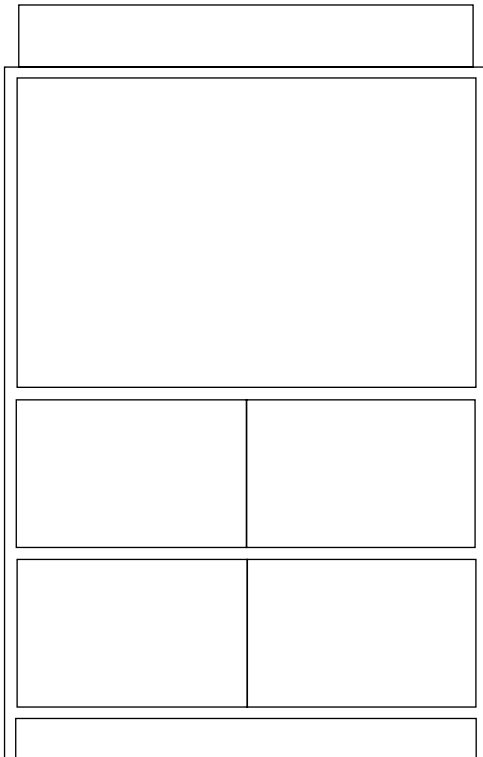

# FORM

- Contributes to biophilic experiences thanks to the possibilities to integrate plants in the furnishing.
- Tactile materials with a frame in massive wood and anti-fingerprint treated "soft" surfaces.
- Perfect as a transparent room divider in open floor plans.
- Minimalistic storage, without visible handles, where the front and back look the same.

# FUNCTION

- Frames is a flexible, smart and elegant storage solution that offers endless combinations.
- The concept can be adapted to changing needs thanks to all parts in the series being replaceable.
- Flower boxes can be added and used for both upright growing and hanging plants.
- A sound-absorbing screen or a whiteboard can replace the back of the storage.
- Bookable storage enables a higher utilization rate and therefore a lower investment (sharing economy).
- Life expectancy is more than 50 years.
- All parts are replaceable and joined with coupling fittings. If any part should be damaged, only the damaged part needs to be replaced.
- Can be rebuilt for future needs.

# SUSTAINABILITY

- Timeless, classic design.
- Life expectancy > 50 years.
- Can be rebuilt for future needs.
- Locally produced – Made in Småland.
- Framework in FSC-certified solid wood.
- Circular design where all parts are replaceable.
- Including plants for a natural and healthy work environment.

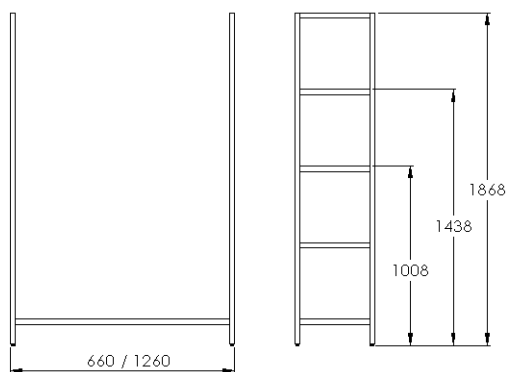

# FACTS

- The storage series is available in black and white with a frame in oak, walnut or white-tinted ash.
- The flower boxes, made out of tin, are available in black or white.
- The furniture has no visible handles.
- Cabinet doors open with a push-to-open function and are available with soft-closing hinges, or soft-closing "Wing" fittings.
- The cabinet doors with "Wing" fittings folds up and opens the cabinet from frame to frame.
- Invisible lock systems are available with either RFID or Bluetooth.
- Lock systems can vary from access cards, code lock or biometric scanning.
- It is also possible to make the lockers bookable through app.

## BASE FRAME

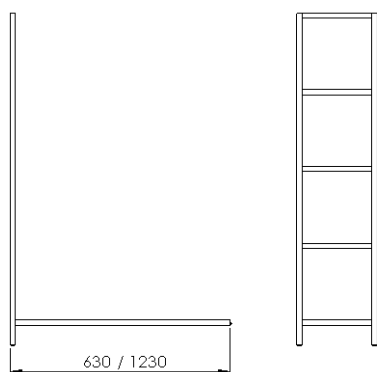

## DIMENSIONS

Base sizes

W: 660, 1260 mm

H: 1008, 1438, 1868 mm

## FRAME EXTENSION

## DIMENSIONS

Extension sizes

W: 630, 1230 mm

H: 1008, 1438, 1868 mm

## SURFACES

### FRAME

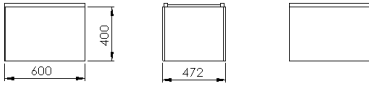

## MATERIALS

- Oak
- Walnut
- White stained ash

## CABINET

Frames cabinet with one hinged doors (push2open)

## DIMENSIONS

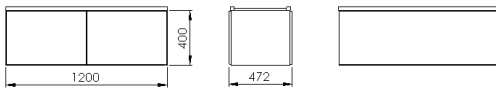

W: 600 mm

H: 400 mm

D: 472 mm

## CABINET

Frames cabinet with two hinged doors (push2open)

## DIMENSIONS

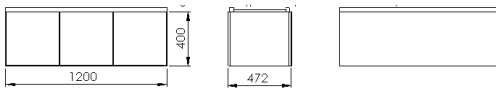

W: 1200 mm

H: 400 mm

D: 472 mm

## CABINET

Frames cabinet with three hinged doors (push2open)

## DIMENSIONS

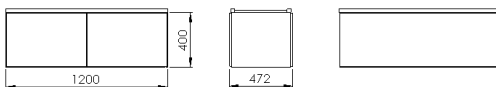

W: 1200 mm

H: 400 mm

D: 472 mm

## CABINET

Frames cabinet with wingline system  
(push2open sliding/hinged doors)

## DIMENSIONS

W: 1200 mm

H: 400 mm

D: 472 mm

## SURFACES

CABINETS

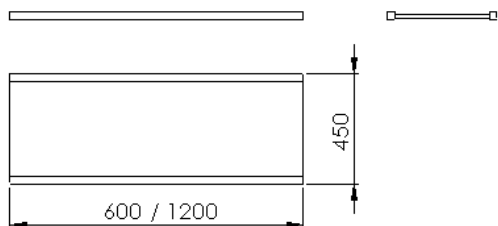

## MATERIALS

- Laminate white
- Antifingerprint black

## SHELF

## DIMENSIONS

W: 600, 1200 mm

## SURFACES

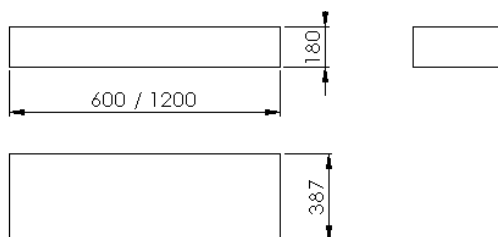

### SHELF

## MATERIALS

- Laminate white/White stained ash
- Laminate white/Oak
- Laminate white/Walnut
- Antifingerprint black/Walnut

## FLOWER BOX

## DIMENSIONS

W: 600, 1200 mm

H: 180 mm

D: 387 mm

## SURFACES

### FLOWER BOX

## MATERIALS

- Powder coated white metal
- Powder coated black metal

## ACCESSORIES

### LOCKSYSTEMS

## INFORMATION

Possible with:

- access card
- biometric scanning
- digit code panel
- intelligent lock system, app operated
