

COINZ

Creator: SPECTRUM / WIVIAN EIDSAUNET, CHRISTOFFER NÄS & ULF ALMFELDT

RAGNARS

The Coinz series, including Coinz station and Coinz conference, has a new, elegant and stylish expression with a clear identity in the choice of natural materials.

With tactile materials such as solid wood and furniture linoleum this office furniture series contributes to creating a friendly, warm and humane work environment.

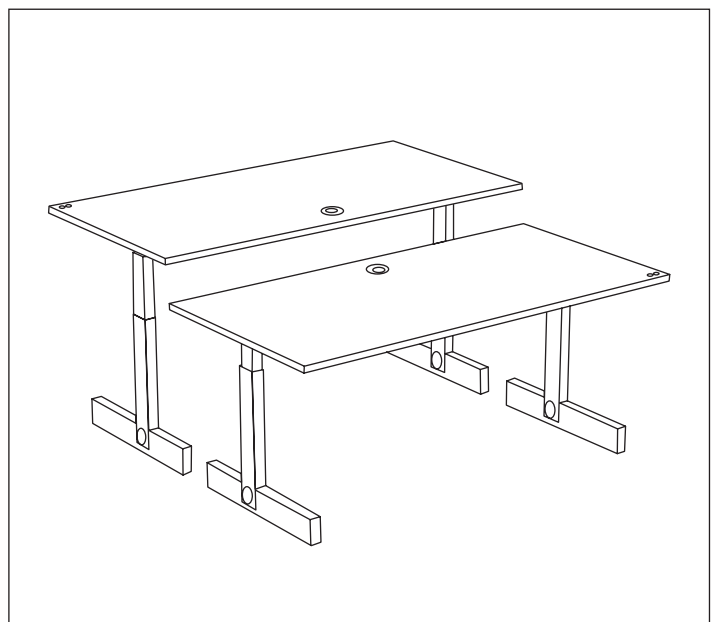

What makes these products stand out designwise is the new and unique control unit in brass and round brass details on the feet, obviously inspired by coins.

These incredible brass details have not only given the series its name but also adds an elegant and exclusive expression to the products.

The parts made out of solid wood are treated with hard wax oil, an environmentally friendly alternative with a high wear resistance. Something that strengthens the series from a sustainability perspective.

WHY COINZ?

- Contributes to a homely feeling.
- "Dots" in solid brass inspired by coins.
- A unique expression that evokes emotions.
- Feet in solid wood treated with hard wax oil.
- Tactile materials such as solid wood and furniture linoleum.

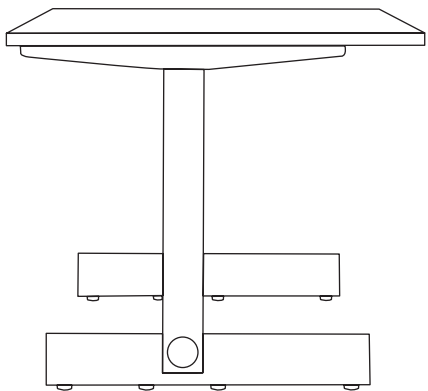

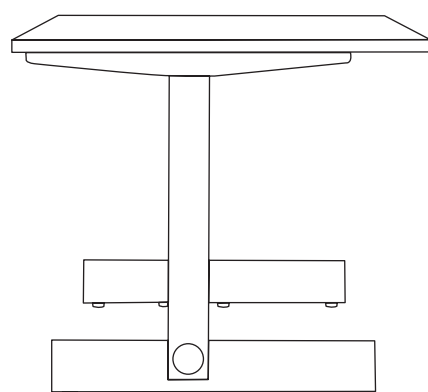

FORM

- A new, elegant and stylish expression and a clear identity in the choice of natural materials.
- With tactile materials such as solid wood and furniture linoleum Coinz contributes to creating a friendly, warm and humane work environment.

FUNCTION

- Electrically adjustable.
- Table tops in furniture linoleum is a natural, soft, warm and soundabsorbing material.
- Electrical power supply on tabletop with powerdots can be equipped with USB-C, USB-A and HDMI.

SUSTAINABILITY

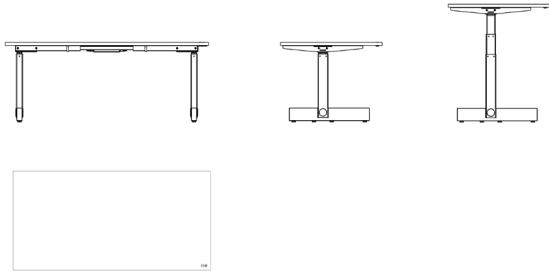

- PVC-free electronics.
- Standby consumption is less than 0.1W.
- It's possible to upgrade the older series Ragnars Work R5 with Coinz feet.
- The feet are made of solid wood (instead of metal) and treated with hard wax oil.

FACTS

- "Dots" in solid brass inspired by coins.
- A new unique control unit in brass inspired by coins.
- Round electrical sockets that can be placed both on top of or underneath the table top.
